Club Champions decided

Sunday was the last round of the Club Championships for cadet's, opens and masters age categories. For some age groups the end result was predictable. However, there will be a couple of surprises at the Annual Presentation night. It will definitely be worth coming along to find out the final results.

Lifesaving update

See the accompanying Life Saving Update newsletter for April 2010.

Final patrols of the season

This weekend is the last of the 2009/2010 season. It coincides with a Monday public holiday to celebrate ANZAC day so half of our patrols are on roster over the long weekend.

Surf conditions and water temperatures have been perfect for the last few weeks – a stark contrast from early in the season when so many events had to be postponed and/or cancelled.

The first Branch-run proficiency of the new season will be on Sunday 19th September. That's only 21 weeks away so keep up your exercise routine so you're fit and ready to return to the beach.
