

Port Macquarie SLSC
Junior Activities Sub Committee
Nipper Mail

Date: 25th November 2010

Hi all,

A very big congratulations goes out to Emily Davidson and Harry Towle. Emily and Harry have been selected as our club representatives to vie for the NSW Junior Surf Lifesaver of the year. Both Emily and Harry impressed the selection panel and are worthy winners of this opportunity. They will now move up to the Branch selection process where they will need to go through another set of interviews. We wish them every success at the next stage and are confident that they will represent both themselves and our club well.

We held another pool proficiency swim this week on Wednesday. By now I am hoping that the majority of Nippers have completed this. If there are any Nippers that have not completed this can you please email me (nippers@pmslsc.com.au) and I will organise another pool session if required. If your child does swimming training or squad, it is acceptable to have their coach sign them off if they are happy to do that.

This week will see our first club champs. In order to participate in club champs all Nippers must have completed their pool swim. If they have not completed their pool swim they may still join in on all beach events but will be unable to accumulate any competition points.

In the calendar we were going to have our first House Competition this Saturday. Unfortunately due to a series of circumstances we are going to have to postpone this event. I apologize for the late notice and hope it has not inconvenienced anyone. We will hold this event at another date.

Steve
